More Details

Open App

Resources

## Instructions:

1. Log into the [Cancer Prevention Clinical Trials Network \(CP-CTNet\) Data Management, Auditing, and Statistical Center \(DMASC\) Portal Gateway](#).
2. Click the **More Details** button under a DMASC system or resource to access more information, documentation, and training resources.
3. Click the **Open App** button under a DMASC system or resource to launch the application.

- Medidata Rave requires unique login credentials, while all other DMASC systems and resources are accessed using your Portal Gateway credentials.

You can also access DMASC systems and resources by clicking the above logos, which are hyperlinked to each DMASC system or resource, or by scanning the quick response (QR) code with a QR code reader to launch the application on a mobile device.
